

## Triple Tower - S&S

### Details

New Triple Combo Tower by S&S available!

The ride is a Triple Tower (3 rides), which incorporate 4 different ride sequences. The park service team can select whether the tower will operate as a Space Shot, a Turbo Drop, a combination of the two or even as an observation tower for the riders who wish for a lower thrill scenic ride!

Each tower has twelve seats and a mesmerizing height of 91m (300 ft), providing a good capacity with brilliant views.

Completely new ride ready to be installed.

More information available upon inquiry.
